Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon.

Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your 'Golden Medical Discovery' is a sick man's friend," writes Geo. N. Turner, Esq., Ex. Financial Secretary International Brotherhood of Teamsters), 2256 California Street, Denver, Colo. "For the past seven years my health gradually failed. I lost my appetite, became nervous and debilitated, very despondent and unable to sleep. No medicine helped me until I tried Dr. Pierce's Golden Medical Discovery. It put new life into my veins and increased vitality until I could once more enjoy life and attend to my business. Eight bottles affected a complete cure and gladly do I recommend it."

Dr. Pierce's Pellets—only one or two a day will regulate and cleanse and invigorate a foul, bad Stomach, torpid Liver or sluggish Bowels.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit. Mich.

E. S. Leadbeater & Sons, Special Agents.

WEAK HEARTS

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

A GLOOMY FORECAST.

The speech delivered by M. Ivenoff, the celebrated Russian lawyer, at the trial of Kaleieff, the murderer of the Grand Duke of Sergius in St. Petersburg, has caused considerable discussion. The proceeding was before a special tribunal, composed of members of the "Ruling Senate," and was held behind closed doors at Moscow. Ivenoff was subsequently arrested for discussing the trial at a meeting of barristers. His speech has been circulated by hundreds of thousands by the social revolutionaries.

Among other things M. Ivenoff said: "An unrestrainable political movement as a result of the complete bankruptcy of our present economic, political and military systems has produced the present condition of affairs in Russia. Every section of the empire is in revolt, workmen have perished by hundreds in the streets of the capital. In the smoke of burning estates the peasant is looking for a solution of the conditions which are grinding him down. Two great forces are at war; the old regime, established centuries ago, and young Russia, which aspires to liberty. Hope that this struggle can end pacifically is lost. Civil war is close at hand, and in the history of this great battle the social revolutionary party will be found to have written the most striking and terrible page, for it has written it in its own blood and the blood of those whom it considers the enemies of the people. Having chosen political murder as an instrument, the revolver and the bomb as arms, the social revolutionaries seek by terror to accelerate the political liberation of Russia. But it is not cowardly murder. The social revolutionaries understand very well that it is impossible for the masses of the people with pitchforks and flails in their hands to destroy the bastile, defended as it is in our time. January 22, with its bloody story, furnished eloquent confirmation of the impotency of the people against bayonets and bullets. The social revolutionaries can only oppose machine guns with revolvers and bombs—the barricades of the twentieth century. It is true they are the implacable enemies of the present regime, and they do not ask for themselves mercy. They face death sentences as men court death on the field of battle. The procurer is right. They do not only menace the lives of others, but they throw away their own lives with the recklessness of madness. They make others perish, but they perish themselves. Kaleieff will die also and I have only one request to make of you: Do not look upon him as a criminal, but as an enemy after the battle, and in pronouncing your verdict remember that in the future the bloody sunrise of which is already upon the horizon, all the past will be weighed in the balance. Do not make that balance too heavy; it already contains enough of blood."

MANIAC ON WAR PATH.

After holding one thousand persons at bay for two hours in Eddy street, San Francisco, early yesterday, shooting nine people and defying the police, Thomas Lobb, a maniac, killed himself.

The insane man was barricaded in his room, on the fourth floor of the United States Hotel, 122 Eddy street.

Lobb went to the hotel Tuesday night. Yesterday morning he began throwing furniture from the windows to the street. Several persons narrowly escaped being struck. He then began firing, using a shotgun. He placed $50 and $100 bills in the muzzle of the weapon, and fragments of the paper were scattered over the street. A big crowd quickly gathered. Hundreds of men were afraid to pass the hotel. Street car traffic was entirely suspended after one car had been fired upon and its windows broken.

Police Lieutenant Green rushed a squad of police to the scene, among the officers being five members of the crack rifle team of the department. They were unable to accomplish anything, however, as the maniac was strongly intrenched in his room and appeared to have an unlimited amount of ammunition.

It was determined that he must be captured dead or alive, and all the rooms adjoining the one he occupied were filled with armed officers. A lively fusillade was begun though the door, transom and walls of the madman's stronghold, to which he replied with remarkable rapidity. The plaster was scattered from the ceiling and walls, and the police were soon covered with the white flakes and nearly blinded by the lime. Officer Kassane attempted to peer through the transom, when he received a charge of shot which disfigured his face and completely riddled his helmet. Than Officer Hutchins descended from the roof to the room window, while the other policemen made an attack in force on the door. When Hutchins saw the maniac's attention was diverted he gave a prearranged signal by firing his revolver. Hearing the report from an unexpected quarter, the murderous lunatic rushed to the window which was open and literally blew off the top of his own head. The brains and fragments of skull flew through the air into the street, to the horror of thousands of spectators who had assembled in the neighborhood, which is near the heart of the city.

Thomas Lobb was about 23 years old. He apparently was an Englishman and a stranger in San Francisco. In his pocket was a card bearing the address of the British consul general and a receipt for baggage, showing that he was a recent arrival in San Francisco.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Quality vs. Quantity.

When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properities to the blood and tissues. This builds up and strengthens the entire system. Kodol cures Indigestion, Dyspepsia, Belching, Sour Stomach, Weak Heart, etc. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick.

SIC SEMPER TYRANNIS

THURSDAY EVENING, JUNE 22, 1905.

THE Police Commissioners held a protracted session last night at which about all that was agreed upon was a plan to increase the force by the election of another man and to have five officers instead of two, as at present. There are now a chief and lieutenant. By the purposed plan there would be a captain, three sergeants and a station master. The Alexandria firemen who recently visited Hagerstown, Md., report that that city is well policed by six men and a captain. The main subject discussed was the recent report of the grand jury, which virtually indicted the members of the force and indirectly reflected upon the board for allowing certain conditions to exist. So far as these excoriations are concerned the matter remains in statu quo. Probably nothing could be done, although this is a mooted question. Under the present charter members of the force can only be dismissed "for cause." This seems to be the rock upon which all plans for the betterment of the force go to pieces. It might be said that the best road out of the difficulty is to petition the legislature to amend the charter in such a manner as to provide for the election of policemen yearly by the police board. The City School Board elects teachers annually, and should it become necessary to make changes no one would challege their right to do so. Similar power could be given the Police Board, and in a year or two the atmosphere would be cleared of bickerings, insubordination and strife.

CONSUL GENERAL WILBER at Singapore has notified the State Department that the Chinese merchants there have held a meeting at which they approved the action of the guilds at Shanghai in declaring a boycott on American goods in retaliation for the onerous enforcement of the Chinese exclusion law in this country so far as it effects the entrance of merchants, students, etc. This indicates a general spread of the boycott idea among the Chinese of the Orient and that the movement is taking on a serious aspect. Officials in Washington, however, hope that as soon as recent utterances of President Roosevelt and Secretary Taft in favor of a less rigid inspection of these classes of travellers to the United States become known throughout China they will have the effect of modifying the projected action of the Chinese merchant guilds importers.

THE Supreme Court of Vermont has sustained the decision of the Rutland County Court which gave heavy damages to a manufacturing company which had been boycotted by a lodge of the International Order of Machinists, not only holding the lodge but each and every member thereof personally responsible for the injury done the company. Boycotting is un-American and should be stamped out of this country and the surest way to proceed is to hold those who engage in it responsible for the injury they may do others and make them pay the damages. The laws are rightly founded on equal justice to all and when one man or one set of men injures another, the latter should not only be protected by the laws, but should receive damages for every injury sustained.

ONE OF THE main grievances of the administration against Mr. Agnew, when he was chairman of the republican State committee, was that he wanted to make the republican party in Virginia a white man's party. Mr. Agnew resigned and Mr. Slemp was chosen chairman. At the meeting of the committee in Lynchburg last night it was tacitly understood that the whites must control the party absolutely and that if possible no negroes shall attend the coming State convention. Strange!

NOW THE primary election plan men want the expenses of the primaries paid by the State. Imagine the condition of affairs in Virginia and the number of candidates for each office in the gift of the people if it cost nothing to become a candidate!

France's Reply.

As has been stated, Prince Radolin, the German Ambassador, called at the foreign office in Paris yesterday and received from Premier Rouvier a note setting forth the French position in Morocco. The note was in response to the one which the German charge d'affaires, Herr von Flotow, delivered to M. Rouvier a fortnight ago expressing the German desire to submit Moroccan affairs to a conference of the powers. The French officials maintain that the question of accepting a conference is not between France and Germany, as the Sultan of Morocco invited the powers, and therefore the acceptance of France, if given, will go to the Sultan. The diplomats in Paris foresee a renewal of the tension. It was pointed out that the issue now presented is as follows: Germany wants the acceptance of a conference first and the details afterward. France wants the details first and the acceptance of a conference afterward. France having now insisted on the details first, it remains for Germany to make the next move.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., June 22.

Already the machinery of the Department of Justice has been set in motion to carry out the behest in President Roosevelt's letters to Attorney General Moody, in which Secretary of the Navy Morton's conduct as general manager of the Atchison, Topeka & Santa Fe road is vindicated, and which says: "In both the Colorado Fuel case and in the International Harvester case I direct that proceedings for contempt against the companies be taken by the government.', "I cannot at this time outline fully the steps to be taken," said Attorney General Moody this morning." The proceedings will probably be in Chicago. Whether the government will be represented by special counsel I do not know. District Attorney Morrison at Chicago is very busy with the beef trust cases, however, and the selection of special counsel is not unlikely." President Roosevelt's disposal and discussion of the Morton case has already aroused some antagonism. It is quite clear that the President and the Interstate Commerce Commissioners do not agree so far as his exposition of the Harvester Company, and the Colorado Fuel Company case is concerned. The Interstate Commerce Commission agrees with the President that the Atchison ought to be proceeded against. It does not agree with him that the case of the roads in the Harvester Company case is on all fours with it. In another important point they controvert the statement of the President. President Roosevelt in his letter to Secretary Morton says that Morton, and Morton alone, had the courage to appear before the Interstate Commerce Commission and admit the practice of rebating on the part of the railroads. The admissions relating to rebating were made at hearings at Kansas City and Chicago in the fall of 1901. These admissions were made by railroad men of high official positions generally. The subordinates had previously denied the existence of the rebating system. The commissioners concluded to no longer deal with subordinates. They summoned the highest officials. The officials held a conference in advance of their appearance before the commission and concluded to make a clean breast of it. Morton was only one of many to give his testimony to the effect desired.

The statement issued by former Minister Herbert W. Bowen in reply to the President's action in dismissing him from the diplomatic service of the United States on account of his attitude in his feud against Assistant Secretary of State Loomis is not regarded as of importance by the officials here. In it he makes no charges that have not been thoroughly investigated, and produces no evidence that was not considered before sentence was passed upon him by President Roosevelt. Mr. Bowen, however, makes one statement which officials here declare is deliberate misrepresentation of the facts. He says shortly after he had sent to the State Department information showing alleged improper dealings between Mr. Loomis and the Asphalt Company, "when this was followed by a cabled offer from Washington of diplomatic promotion that would remove me from Caracas. I admit that I regarded the offer as an attempt to bribe me, veiled under an offer of a higher position and inspired by Mr. Loomis." What he calls "an offer of promotion" was sent by Secretary of War Taft at the time that he cabled to Mr. Bowen to return to the United States to prove his charge against Mr. Loomis and to answer the counter-charge that he had instigated the publishment of the articles reflecting upon the Assistant Secretary of State. In a personal message to Mr. Bowen, Secretary Taft said "if you come out of this all right (meaning the investigation) it was the President's intention to send you as Minister to Chile and later as Ambassador to Brazil." This message Secretary Taft made public on the day on which it was sent, and Mr. Bowen's reference to it in his statement as "an attempt to bribe" him is regarded as additional evidence of his disingenousness throughout the whole affair.

Four new cases of yellow fever are reported from the Isthmus of Panama by Governor Magoon. There have been no additional deaths since the last report and four of those recently taken sick have recovered.

Society here is interested in the rumor that General Nelson A. Miles is about to announce his engagement to Mrs. Rush Shippen Huidekoper, widow of Dr. Huidekoper, of Philadelphia.

A number of cases have been set for hearing by the Interstate Commerce Commission, some at Augusta, Georgia, July 6 and 7, some at Atlanta, Ga., July 10, some at Birmingham, Ala., July 12, and others at Louisville, Ky., July 14.

Republican Committee.

The republican State committee, in session in Lynchburg last night, decided to hold its State convention for the nomination of a full State ticket at Roanoke on August 8. The basis of representation will be one vote for every 100 vote cast for President Roosevelt in 1904, which will make a convention with 500 delegates.

There was a fight for place of holding the convention, the vote on the first ballot being: Roanoke, 18; Richmond, 12, and Newport News, 1.

It has been tacitly agreed upon by the dominant faction in the republican organization that the whites must control absolutely, and it is desired that there shall be few, if any, negroes in the convention.

The "Roanoke plan" of negro elimination aims to bar him from the convention by making the meeting inaccessible to him.

Fear and excitement over the treatment given her by a New York Health Board physician to prevent diphtheria killed Yetta Green, a little East Side girl, Tuesday, not the antitoxin which the doctor injected into her veins, so the autopsy made by Dr. Lehane, a coroner's physician, and Prof. John H. The City Trust and Safe Deposit Company, at Philadelphia, for years rated among the most reliable financial institutions in the community, yesterday closed its doors, and Albert L. Chairman Paul Morton, of the Equitable board of directors, has accepted the resignations of several of the clerks who were employed in Mr. Hyde's office and who, it has been charged, rendered no service to the society, although they were carried on the Equitable payrolls. The Zematvoists have returned the text, refusing to receive it until the true version shall have been restored.

The report of the condition of the Equitable Life Assurance Society by Francis Hendricks, superintendent of insurance of the State of New York, was made public yesterday. It is described in the title as "a preliminary report," and it sharply criticises the management of the society, as well as the new trust arrangement for voting the stock agreed upon by Thomas F. Ryan and the three trustees designated by him. James W. Alexander, president, and James H. Hyde, first vice president, whose resignations were accepted Tuesday by Chairman Morton, are severely arraigned in the report.

Sensation in the State School Board.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., June 22.—The sensation of the hour is the action of the State Board of Education in severely censuring J. A. McGilvray and J. P. Thomas for wrong-doing in connection with the school registers' matters. McGilvray and Thomas both confessed. The former resigned as clerk to the board and will not run for superintendent. The latter will not be a candidate for principal of the High School which he has held for many years.

Wreck of Twentieth Century Limited

Cleveland, O., June 22.—Seventeen lives were lost according to the report given out by railway officials and at the hospital this morning in the wreck of the Twentieth Century Limited at 9 o'clock last night. The Lake Shore record breaking train bound for New York hit an open switch and in an instant the monster locomotive and all but one of the cars behind it were piled in a great life-crushing heap. More than a score of persons were injured. The limited recently placed on the run to equal the 18-hour schedule of the Pennsylvania special was passing through the station at Mentor, just west of Painesville, when the wreck occurred. The operator had been ordered to give the train a clear signal. He did so. The flyer was going perhaps 70 miles an hour through the little Ohio town. But directly in front of the depot the locomotive veered. The train checked and then piled on top of the engine. The engine had plunged into an open switch. Allen Tyler Collenwood, engineer, died at the hospital. The station was practically wrecked and the broken train staggered on until it struck the freight house a short distance away. The heavy timbers stopped the engine and it turned over on its side. The town with its 1,000 inhabitants was awakened by the terrific shock. The wreck caught fire and the rescuers fought with the flames to recover the dead and succor the wounded. Few people in the forward car, a combination smoker and baggage car, escaped death or injury. Cleveland was quickly notified and a relief train bearing doctors and nurses was hurried to the scene. It it believed by the officials that somebody tampered with the switch. Vivid descriptions of the accident are given by survivors. The combination car, partly on top of the engine, was soon a mass of flames, the shrieks of the imprisoned passengers rising above the roaring of the flames. The Mentor fire department quickly responded but could do little to check the flames. Many of the dead were so badly burned as to make recognition difficult, almost impossible. The train was established by the Lake Shore at a cost of $200,000, and represented the best in railroad building.

Cleveland, O., June 22.—Was the Lake Shore Twentieth Century Limited train wrecked at Mentor, O., last night, causing many deaths, going so fast that it jumped the track of its own momentum? This question is asked today, by official investigators. The statement of the railroad officials that the switch was open is not thoroughly explained. The engineer, according to the fireman, jumped from the engine. Did he see the switch light turned wrong or did he feel the engine start to leave the track? The investigators seek an explanation of this question.

Russians in Peril.

St. Petersburg, June 22.—The correspondent of the Publishers' Press learns from the highest authority that there is the greatest uneasiness in military circles on account of the movement of Japanese troops through Corea. This movement is regarded here as very threatening. It is reported that General Linevitch has informed the Czar that he sees no possible way of checking General Hosegawa, who landed in Corea at the head of a large detachment several months ago, and is now reported to be moving northward. If Hosewaga succeeds in effecting a junction with the army of General Nogi, Linevitch has said that a disaster is inevitable.

St. Petersburg, June 22.—A battle even more calamitous than that at Mukden will be fought unless the negotiations for an armistice bear instant fruit. A great open air service for a victory for the Russian arms, will be held in Moscow today on the "Reg Square" under the walls of the Kremlin.

France's Note Unsatisfactory.

Berlin, June 22.—The German government has received the French note defining the attitude of France regarding Morocco. Officials of the Foreign Office, after reading the note, authorized the Publisher's Press correspondent to state that it was "unsatisfactory." This is taken to mean that the situation is critical. Protracted negotiations are expected to follow, and these will bring increasing bitterness on both sides, but there is no immediate danger of extreme measures.

Paris, June 22.—In official circles it was stated today that there was no change in the situation in regard to the Moroccan question. Berlin, it is said, is now the centre of negotiations, and developments here are impossible, until the German reply to the French note is received.

Bombshell Among Insurance Men.

Albany, N. Y., June 22.—Governor Higgins today threw a bombshell into the camp of the insurance officials when he came out flat footed for the strict enforcement of laws regulating the conduct of insurance affairs in general.

He also announced that he had sent a communication to District Attorney Jerome, of New York, enclosing a copy of the report of State Superintendent of Insurance Henricks on the investigation of the Equitable Life Assurance Society and informing Mr. Jerome that he stood ready to co-operate with him in case there was sufficient evidence to warrant the prosecution of any of the officials connected with the equitable society.

The President in Massachusetts.

Williamstown, Mass., June 22.—President Roosevelt received the degree of L. H. D. from William College this morning, and made an address to the graduates of the ancient institution, "L. H. D." Literally Doctor of Human letters, is a degree seldom conferred by colleges. The President has received the degree of L. L. D. several times from as many institutions, but this makes his first acceptance of L. H. D. After the exercises at the church President Roosevelt made a brief address to the townspeople from a stand in front of the house of worship. He then hurried to his train which left at 1:30 p. m. for Washington.

POLICE COMMISSIONERS.

The regular monthly meeting of the Board of Police Commissioners was held last night. Mayor Paff presided and Messrs. Hill, Lawler and Graham were present.

After the reading of the minutes reference was made to the recent suspension for five days of Officer John Henderson for disorderly conduct, during which it was stated that the chief had failed to notify the board, according to custom. The chief was called into the room, when he stated that he had overlooked the matter, after which the Mayor's action was affirmed.

Mr. Lawler, the clerk of the board, subsequently read the report of the grand jury of the Corporation Court concerning the present status of the police force. This was published in the Gazette last week. Among other observations, it will be remembered, the report suggested that there were bickerings among the members of the force, together with other things, which rendered them inefficient, and that in consequence of insubordination and the chaotic conditions existing, a complete reorganization was necessary.

Mr. Graham said he had been away for a week, and all this was news to him.

Mr. Hill asked Mr. Lawler, who was a member of the grand jury, to give the board the nature of the evidence which had been given before that tribunal.

Mr. Lawler was loth to do this, as evidence before this tribunal is not usually given out. He said, however, that about 75 witnesses had been examined.

Mr. Hill thought the board should know the purport of the evidence.

Mr. Lawler observed that the report of the grand jury was of sufficient significance.

Mr. Graham saw no reason why Mr. Lawler could not accede to Mr. Hill's request. He merely desired to know what had been said concerning the police.

Mr. Lawler said he had had nothing to do with formulating the report from the fact that he was a Police Commissioner.

Messrs. Hill and Graham suggested that Mr. Lawler necessarily heard all the evidence before the grand jury. Mr. Graham said that heretofore excoriations concerning the police force had been hearsay and that there had been nothing tangible upon which to act. He wanted something positive upon which to base action.

Mr. Lawler again said that the report of the grand jury furnished enough upon which to base a movement.

The Mayor agreed with Messrs. Hill and Graham that Mr. Lawler could give the board a summary of the evidence before the grand jury—that is the portion relating to the police force.

Mr. Lawler said the board could summon the members of the force and question them. He had the record and was in a position to interrogate them. He referred to the fact that the police had furnished no information to the grand jury upon which indictments could be made. They professed to know nothing of speakeasies and policy joints, and, strange to say, the men, too, who were doing duty in beats where such things had been thriving. Lieutenant Smith and Officer Knight had testified that they knew nothing of such places, and the Mayor was compelled to detail officers in citizens' clothing in order to obtain information. Mr. Lawler referred to the exceptions taken by Lieutenant Smith at the Mayor's action is not acquainting him with what he was doing. The lieutenant had wanted to know why the executive had acted in this way toward him and the Mayor had failed to make any explanation to him.

The Mayor replied by saying that he claimed the right to use the police to suit himself, and it was not obligatory upon him to appraise any one of his movements. He claimed the right to send officers in any beat when he felt disposed to do so without consulting the lieutenant or chief.

Mr. Lawler—"You told the chief what you intended to do."

The Mayor then went into details concerning his action, and said if the men performing duty in beats where laws were being violated could not ferret out offenders, why should he rely on them?

Mr. Lawler said he was not questioning the Mayor's prerogative to do as he did, but his honor had asked for information upon which the grand jury's report had been framed; now it was up to the Mayor to state why he had not told Lieutenant Smith what he purposed to do.

The Mayor informed the board that he had been making inquiries in other cities concerning the workings of police forces, and that he had found that those having the same in charge were not accustomed to impart information to subordinate officers. His honor in the course of his remarks spoke of the part the police played in the initiative in the recent case against Richard Burnett. They had searched his premises, taken an inventory of his stock and furnished the uncleus to the proceedings against him. They had also taken the initiative in the case of McLearen, who had been charged with conducting policy.

Mr. Lawler observed that indictments against both men had been framed upon the testimony of witnesses who had not been produced by members of the police force.

The discussion was continued with no likelihood of result, when the Mayor said there had been much talk and nothing whatever accomplished toward bettering the force. He said the commissioners must get close together and bring about a change. He was ready to hear suggestions from the members of the board.

Mr. Lawler again referred to the Mayor's action in not posting Lieutenant Smith concerning his movements. He repeated that the lieutenant had taken exceptions and felt himself aggrieved.

The Mayor replied by saying that he would often be aggrieved if he expected him to tell him of all his purposes.

Reference was later made to the case against Charles Tyler, colored, who was indicted by the grand jury for selling liquor without a license. Mr. Graham said he had understood that Tyler had been used by the police as a stool pigeon.

Some members said they had heard that Tyler had given information to the police.

New York Stock Market.

New York, June 22.—The stock market was called a manipulative one during the first hour by a number of room traders, but this view was probably based on the fact that important interests are committed to the bull side and have been aggressive buyers of stocks in which they are especially interested. The work of these interests wholly offset the favorable influence of the Hendricks report.

Noon—The buying power is strong and has taken some large amounts.

This brought forth a general repudiation of stool pigeons by the members, the Mayor saying he had no confidence in certain members of the force because of the class of people with whom they mingled.

Mr. Graham asked Mr. Lawler if any charges of collusion between members of the police and certain questionable people had been made to the grand jury.

Mr Lawler said the Mayor had been present and heard certain things. He could enlighten the board. The speaker said he had been told that he (the Mayor) had been censured by certain members of the force for not giving information to them of his movements.

The Mayor acknowledged that he had heard the same.

Mr. Lawler said he heard it was Lieutenant Smith.

Mr. Hill said bickerings among members of the force had been going on for the past six years.

Mr. Lawler saw no way out except to dismiss the entire force.

Mr. Hill demurred to this proposition, and said the charges brought by the grand jury were of the same nature as those heretofore before the Police Board.

Mr. Graham said the grand jury must have based their report upon similar evidence.

Mr. Lawler asked Mr. Graham if he was in favor of summoning the members of the grand jury as individuals before the board.

Mr. Graham did not seem anxious for this procedure.

Mr. Lawler—"That is the only business way to act."

The Mayor thought some action should be taken.

Mr. Lawler—"Let us act, then."

The Mayor implied that all action should be taken with caution, as there was more or less likelihood of law suits.

Mr. Lawler said should deposed members of the force appeal to the Corporation Court he failed to see what show they could have in the face of the grand jury's report.

Mayor Paff—"Is it your purpose to remove the force now?"

Mr. Lawler—"Yes, tonight."

Mr. Hill opposed this.

Mr. Lawler said there were some good men on the force, but there were others who had no business on it; although the grand jury had recommended the dismissal of all. Their report was a slap at the Mayor and Police Board as well as at the policemen.

Mr. Hill said from his observations the police force was in a better condition than it was six years ago.

Messrs. Graham and Hill said they must have positive evidence before voting to dismiss any member of the force.

The discussion continued, many things which had been previously said being repeated.

Mr. Lawler recommended heroic action, but the Mayor and Messrs. Hill and Graham were not prepared for drastic measures.

Finally Mr. Lawler asked the Mayor what course he would recommend.

His honor said it had occurred to him that there should be a captain and three sergeants of the force; the sergeants to have charge of three squads, and after having posted the men they would be expected to inspect the different beats. He also said that in order to retain Chief Webster, who had grown old in the faithful discharge of his duty to the city, he could be made station master. To carry out all this the commissioners, the City Council and the Legislature would have to vie, and one more man would be needed by his plan. There was, he said, no need of both chief and lieutenant.

Mr. Lawler said such a procedure would not meet the requirements of the grand jury. They wanted all the members dismissed and the force reorganized. When Mr. Lawler was asked how he would proceed in the matter he replied that he would summon each member and tell him his services were no longer needed.

Mr. Graham was not in accord with Mr. Lawler. The grand jury was no more infalliable than the Police Board. There had been too much talk among the members of the latter, but nothing had been done. He, however, wanted time in which to act.

Mr. Lawler asked Mr. Graham if he was in favor of taking action, and referred to instances where he alleged the board had whitewashed members of the police force who had repeatedly been arraigned for drunkeness. He said the same result would follow should there be an attempt made to examine the charges made against them collectively. Mr. Lawler mentioned half a dozen cases where Mayor Paff in less than year suspended officers for offences.

At the suggestion of Mr. Hill it was agreed that the Mayor prepare his ideas in writing and submit them to the board, and the meeting subsequently adjourned until next Friday night.

Letter to J. Fred Birrell,

Alexandria, Va.

Dear Sir: Here's something every painter and builder ought to know.

Mr J Hall, Sheffield, Pa, painted two houses, 5 years ago, lead-and-oil; took 40 gallons. Last year, he painted Devoe; bought 40 gallons; half 10 left.

He is one of thousands. The knowledge is getting about pretty generally, that Devoe goes further than anything else.

Have you found it out in your own experience?

How much further?

Suppose a job amounts to 10,000 square feet; how much less Devoe could you buy?

Is it easy to paint? Does it cost any more or less to put on by the gallon than anything else? how much?

If it costs no more to put on Devoe by the gallon, it costs less by the foot, you know; for the gallon does more feet. How much less, do you find it, for wages?

Lasts, say, twice as long; that is the owner's gain; but perhaps you reckon it yours; some do. The time, when that comes in, is when he gives out the next job.

Who gets it? Yours truly,

F W DEVOE & CO

City Council.

There was a brief meeting of the City Council last night. Ordinances providing for the paving with vitrified brick of Prince street from Fairfax to Lee, and of Lee street from Prince to Duke were submitted and referred, as was also a petition of Messrs. J. R. and H. B. Caton, attorneys for Wm. Zimmerman, who was recently injured by falling on the north side of Prince street, between Pitt and St. Asaph. It is claimed that the accident was caused by a defect in the pavement, and he ask compensation for loss of time, &c.

BOARD OF ALDERMEN.

Six Alderman were present, and the action of the Common Council on the three papers sent in was concurred in by unaminous votes.

When the ordinances providing for the paving of the squares on Prince street and Lee street were read,

Mr. Burke asked why spaces 10 feet from the curb were to be left in part of property upon which the improvement tax was not to be paid, and not the entire space from the curb to the center of the street. On Royal street the circumstances were different from the fact the railway company was to pay for a certain portion of the work.

It was noticed that the roadway on Lee street was to be contracted to 27 feet, and Mr. Ballenger did not seem to favor the plan. He said wagons would not have room to turn.

Mr. Marbury called attention to the contraction of the roadway on Alfred street, and said wagons could be turned around on that thoroughfare.

Mr. Ballenger said the Columbia engine could not turn around on Alfred street. He would offer an amendment when the ordinance was put upon a second reading.

Messrs. Burke and W. H. Sweeney wanted the Aldermen to concur in the action of the Common Council and this was done.

After the Aldermen had concurred with the Common Council in referring the petition of Messrs. J. R. and H. B. Caton, attorneys for Wm. Zimmerman, the board adjourned.

COMMON COUNCIL.

The board was called to order shortly before 8 o'clock by the chairman who stated that the special meeting had been called at the request of several members to consider the bills for paving on Prince and Lee streets. He stated that through misunderstanding, these bills had been declared passed at the last meeting, but as they carried appropriations exceeding one thousand dollars each they could not have been passed on the night of their introduction and the action of Council on that night was therefore void. He stated that the bills would now be presented as new business.

The clerk then read the bills and they were referred to the committee on streets.

A paper from Messrs. J. R. and H. B. Caton was received, stating that they represented Mr. Wm. Zimmerman, who had been injured by a defect in the sidewalk on the north side of Prince street near Pitt recently, and asking that Council compensate him for his loss of time. The paper was referred to the committee on general laws and streets.

The board then adjourned after a short session.

Norway and Sweden.

King Oscar of Sweden in a speech at the opening of the Riksdag, or Parliament, yesterday, practically consented to the dissolution of the union with Norway, accepting the inevitable. He declared that the union of Sweden and Norway without mutual accord would bring no real advantage to Sweden and said the union is not worth the sacrifices which acts of coercion would entail. He urged the Swedes to regain within their own frontiers what they have lost by the dissolution of the union.

Official.

BOARD OF ALDERMEN.

At a called meeting of the Board of Aldermen of the city of Alexandria, Va., held June 21, 1905, there were present:

J. T. Sweeney, esq., President, and Messrs. Burke, Marbury Ballenger, Curtin, and W. H. Sweeney.

An ordinance to provide for the grading, paving and curbing of Prince street from the east crossing of Fairfax street to the east crossing of Lee street, under certain conditions, was received from the Common Council and their action concurred in.

An ordinance to provide for the grading, paving and curbing of Lee street from the south crossing of Prince street to the north crossing of Duke street, under certain conditions, was received from the Common Council and their action concurred in.

A petition from J. R. and H. B. Caton, attorneys, requesting compensation for Wm. Zimmerman who was injured by stepping into a hole in a pavement on Prince street, was received from the Common Council and their action concurred in.

The board then adjourned.

J. T. SWEENEY, President.

Teste: LUTHER H. THOMPSON, Clerk.

COMMON COUNCIL.

At a called meeting of the Common Council of Alexandria, Va., held June 21, 1905, there were present: Hubert Snowden, esq., President, and Messrs. Leadbeater, Burke, Risheill, Strauss, Baader, Brill, Hellmuth, Harrison, Uhler, Marshall, Spinks and Bryan.

The President stated that the meeting was called at the special request of members to consider street paving bills.

The President declared the action taken by Council in reference to the two ordinances passed on June 13, 1905, to grade, pave and curb Lee street, between Prince and Duke streets, and Prince street, between Fairfax and Lee streets, as null and void, and the matter was taken up as new business.

An ordinance for the grading, paving and curbing of Prince street, from the east crossing of Fairfax street to the east crossing of Lee street, under certain conditions, was read the first time and referred to the Committee on Streets.

An ordinance to provide for the grading, paving and curbing of Lee street from the south crossing of Prince street to the north crossing of Duke street, under certain conditions, was read the first time and referred to the Committee on Streets.

Weddings.

One of the prettiest home weddings of the season took place last night when Miss Mina Irene Smithers and Mr. James Owen Reilly, of Wilmington, N. C., were joined in happy wedlock at the residence of the bride's mother, Mrs. G. H. Smithers, on upper Prince street. The north wing of the parlor had been tastefully decorated with evergreen and trailing vines, with a background of palms and ferns and the whole surmounted by a wedding bell caught on either side by ribbons, made a fitting canopy for the beautiful ceremony and lent a color scheme impressive of the happy occasion. To the strains of Lohengrin's wedding march, played by Mrs. Irving Ludwig, the groom, with his best man, Mr. George W. Keys, entered the east door leading to the parlor, while the bride, on the arm of her brother, Mr. D. K. Smithers, and accompanied by her bridesmaid, Miss Alice Reilly, sister of the groom, came through the south door and proceeded to the north end where Rev. H. J. Cutler, pastor of St. Mary's Church, performed the short but beautiful ceremony of the Catholic Church. After a brief reception Mr. and Mrs. Reilly left for Saratoga where they will spend some time and after their return will make their home in Wilmington, where the groom is a well known and prosperous young business man. The bride, who is numbered among Alexandria's most beautiful and accomplished young ladies, was gowned in white organdie over silk, with flowing veil, and carried a shower bouquet of sweet peas. The only ornament worn by the bride was a sunburst of diamonds and pearls, the gift of the groom. The bridesmaid wore white organdie over silk and carried a bouquet of pink sweet peas. Among the out-of-town guests were Messrs. T. H. Fittz, of Richmond; William Sowderf of Gordonsville, and William Lawler, of Washington. The bride and groom were the recipients of numerous beautiful and costly presents.

Miss Catharine V. Heartbower and Mr. Ernest Zimmerman, of Fairfax county, were married at St. Mary's Church yesterday by Rev. H. J. Cutler.

Fatal Affray.

It was stated in yesterdays Gazette that a difficulty had occurred in Fairfax county on last Saturday night between two men in which one of the combattants emerged with a cut head. The affair it now seems, was of a more serious nature than was first supposed, one of the parties having since died. The circumstances in connection with the affair as reported to the police in this city are as follows: On Saturday Wilmer Beavers came to this city and later went home in an intoxicated condition and became menacing toward his wife, who fled from the house. He subsequently met William Simpson, a former resident of this city, but now living in Fairfax, and leveling a gun at him discharged the weapon. He then advanced on Simpson and pushed the muzzle of the gun against his breast. Simpson seized the fowling piece, and beating Beavers over the head with it and rendered him hors de combat. Beavers later went to his home and yesterday visited Alexandria in search of surgical attention, he having been seriously injured on the head. He died this morning about 4 o'clock. Simpson surrendered himself to Justice Kerby, yesterday, but was allowed to go on his personal recognizance, and today, after learning of Beavers' death again delivered himself up. He will furnish bail for his appearance at the inquest and at Fairfax Court.

Nocturnal Disorders.

About one o'clock this morning Joseph Adams, a well-known colored individual living near the east end of the Wilkes street tunnel, went home and found a colored man with a woman with whom Adams is said to live, and proceedrd to mete out vengeance upon her. The woman's cries awoke many people in the neighborhood, some of whom discharged pistols in order to frighten Adams and make him desist from beating the woman. Fearing that he would be arrested, he made a hasty exit, breaking down a door in passing from the house. Officers Mayhugh and Patterson were at the tunnel at 12:30 o'clock, a short time before the difficulty, when they heard cries of murder on Jefferson street, between St. Asaph and Washington, and had hastened thither. They arrested Henry Mason and Fannie Simmons, both colored, who had caused the disturbance. The officers subsequently returned to the tunnel, but Adams had in the meantime escaped.

Sent on to Court.

John Ennis, who was arrested last Sunday, charged with breaking into Armory Hall on the preceding night and removing certain articles to the door, was brought before Justice Caton in the Police Court this morning. He was represented by Mr. Robinson Moncure. After the evidence of the witnesses had been heard the accused was held for the grand jury. During the examination there were pathetic scenes in the court. The mother and wife of the accused were present. Ennis has been married about a year, and the distress of the two women attracted much attention. When Mr. Moncure called Ennis's mother to take the stand for the defense, the prisoner, with moist eyes, objected, he not being able to bear the sight of her in court, although she was about to testify in his behalf.

Italian Warship Coming.

Margie Allen and Annie Baker, both colored, arrested by Officer Young charged with disorderly conduct and fighting, were fined $5 each.

A white man, arrested by Officer Patterson for vagrancy, was sent to jail for ten days.

A white man, arrested by Officer Allen for drunkenness, was sent to jail for ten days.

William and Charles Blumfield, two boys who had run away from their homes in Baltimore, arrested by Officers Beach and Lyles, were detained.

Henry Mason, colored, arrested by Officers Mayhugh and Patterson for disorderly conduct, was fined $5. Fannie Simmons, colored, arrested by the same officers charged with a similar offense, was dismissed.

Clarence Grady, colored, arrested by Officers Bettis and Nicholson, charged with assaulting Carrie Evans, was dismissed.

Samuel Williams, colored, arrested by Officers Beach, Lyles, Arrington and Knight charged with assaulting Bertie Williams with a pistol, was fined $5.

Carrie Evans, colored, arrested by Officers Bettis and Nicholson charged with disorderly conduct, was fined $2 50.

John Ennis, charged with breaking into Armory Hall, was sent on to the grand jury.

Death from Natural Causes.

As was stated in yesterday's Gazette, there was reason to suppose that Charles Thornton, colored, of this city, whose dead body was found between the tracks of the Washington-Southern Railway, near Waterloo, Monday night, was not struck by a train, but was the victim of foul play. Albert Eskridge, colored, who keeps an eating house nearby, was arrested, as it was believed he could throw some light on the mystery, Thornton having been last seen alive in his place.

Dr. S. T. Ashton, of the county, held a coroner's inquest over the remains at Mr. B. Wheatley's undertaker's establishment this afternoon. Previous to the assembling of the jury he stated that he had found what was supposed to be a wound made by a bullet in the lower part of Thornton's left side. Further examination, however, showed that what had been regarded as a bullet wound was an old scar. After hearing the testimony of several witnesses the jury brought in a verdict to the effect that Thornton's death was due to natural causes.

The Lipscomb Trial.

Andrew A. Lipscomb, a member of the Washington bar, was placed on trial in that city yesterday on an indictment charging him, in connection with Thos. M. Fields, also an attorney, of embezzling funds belonging to the Washington Beneficial Endowment Association, of which they were receivers, amounting to $15,974. Fields was tried and convicted several weeks ago. After several hours a jury was secured and the hearing of witnesses begun.

At this morning's session of the trial the identification of checks drawn against the Washington Loan and Trust Co. was commenced.

Capt. Parker, treasurer of the Washington Loan and Banking Association resumed the stand. He identified the signatures and endorsements on the checks. Later he was cross-examined by the defense. Adjournment for lunch was announced at the conclusion of Capt. Parker's testimony.

Shields Morton.

Extensive correspondence is published in which Attorney General Moody gives his reasons for his refusal to take contempt proceedings against the officials of the Santo Fe Railroad case, including Secretary Morton, in the famous rebate case. Included in the correspondence are two letters from President Roosevelt, one to Attorney General Moody approving of his course and the other to Morton expressing confidence in him. Incidentally, the President expresses himself in favor of federal supervision of the great life-insurance corporations.

Messrs. Judson and Harman, special attorneys, found positive evidence that the Santa Fe Railroad, while Paul Morton was president, had violated a Federal court injunction against rebates. They advised the punishment of all the officers of the railroad company for contempt of court.

Attorney-General Moody refused to prosecute the officers, but wished to prosecute the corporation.

Harmon and Judson asserted that this was insufficient and retired from the case.

Mr. Morton declared the injunction was granted on his evidence and he issued orders against rebates.

The President now praises Mr. Morton in the highest terms and explains why he would not let him be prosecuted.

The Crawford Case.

The jury in the trial of William G. Crawford, accused of conspiracy to defraud the government in connection with postal supplies, which has been out since 4 o'clock Tuesday afternoon, was called into Court in Washington after 3 o'clock yesterday by Justice Wright. The foreman said the jury had been unable to agree. Additional instructions were asked; also the contracts between the Postal Lock and Device Company and Lorenz. The jury then again retired.

The jury reported to Justice Wright, this morning, that they were still unable to agree. The foreman in response to Justice Wright's question as to whether the jury had reached a verdict, replied: "Your honor, the jury has not been able to agree, and I am afraid, your honor, that it is a hopeless case. It is utterly impossible. We have been at it for 40 hours, now, and it is utterly impossible for this jury to agree." Justice Wright after giving them a few questions for their consideration sent them back to the jury room for further deliberations.

The jury this evening again reported that they could not agree and was discharged.

Will Grant Appeal.

Brattleboro, Vt., June 22.—Mary Rogers will not hang tomorrow. Judge Wheeler will grant an appeal tonight, when the case will be taken to the Supreme Court. Governor Bell will grant further reprieve tonight. Mrs. Rogers will remain in the Windsor State prison. She will probably never hang, as it will be a year before the court at Washington can dispose of her case, and by that time, the Vermont State legislature will, it is expected, have repealed the law of capital punishment.

Governor Deneen, of Illinois, today reprieved Johann Hoch, the Chicago alleged murderer, until July 28, in order that he may have time to get his case before the Supreme Court. The Governor is taking this action following a long established precedent of the executive office to give condemned men every possible opportunity to go before the higher courts.

Mr. M. D. Hall, of Fairfax, sent by the State Board of Education to try the case against T. W. Hendricks, principal of the Culpeper school, charged with unjustifiably whipping the twelve-year-old son of Rev. J. W. Ware, decided that the punishment was not milicious, but unjustified.

SHOT DOWN BY COSSACKS

During dirorders at Ivanovno Vosnessensk, near Moscow, Cossacks charged in the main street and killed 28 persons. A crowd set on fire the Gandourine factory, the largest in the town, and prevented the firemen from extinguishing the flames. Dragoons were summoned, but after their departure on Sunday the disorders were resumed.

Peasants have destroyed all the buildings upon the estate of Prince Vassiltchikoff, where there was a sugar refinery. In the Botroff and Pawloff districts of the province of Voronesch the peasants upon Count Tolstoi's estate refused to do farm work, saying that the land would soon be theirs.

The agrarian crisis has complicated the already bad situation caused by a prolonged drought and poor crops in the Volga provinces.

A dispatch from Dodz, Russian Poland, says that eighteen persons were killed and 100 wounded last night by volleys fired by dagoons and Cossacks on a procession of 50,000 workmen, which had been organized as a demonstration against the government.

The demonstration had been quietly arranged. At 8 o'clock the workmen, 50,000 strong, with 30 red flags, marched through Piotrokowska street shouting "Down with despotism." They gathered in the old market place, where speeches were made by socialists.

Up to this point the police had not interfered. At 9 o'clock the procession reformed, and was marching up Glowna street, when suddenly the Cossacks and dragoons rushed from the side streets and fired a number of volleys. The crowd fled panic-stricken, leaving 18 killed and 100 wounded.

Torture of a Preacher.
The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.

Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.
